IFRS ACCOUNTING STANDARDS FOR FINANCE TEAMS

FINANCE INDUSTRY FOCUS

COURSE DURATION: 1.5 - 2 FULL WORKING DAYS

GAIN A PRACTICAL UNDERSTANDING OF THE IFRS ACCOUNTING STANDARDS RELEVANT TO THE FINANCE INDUSTRY

A robust financial reporting framework is essential in the finance industry for delivering high-quality information on complex areas such as financial instruments, derivatives, hedging, and fair value measurements—enabling investors, lenders, and other stakeholders to make informed decisions while ensuring transparency, comparability, and accountability.

Through this specialised IFRS training, participants will gain a thorough, practical understanding of the full IFRS Accounting Standards, with particular emphasis on challenging topics like IFRS 9 Financial Instruments, IFRS 13 Fair Value Measurement, and IFRS 7 disclosures—equipping finance professionals to confidently apply these principles and produce accurate, internationally compliant financial statements for their organisations.

THROUGH THIS FULL VALUE COURSE, YOU ENSURE THAT YOUR BUSINESS' FINANCIAL INFORMATION IS:

- Relevant
- Reliable
- Transparent
- Comparable
- Compliant

THIS COURSE IS BEST SUITED FOR:

- Corporate finance teams
- Financial managers
- Financial analysts
- Financial controllers
- Internal auditors
- Accounting professionals
- Reporting teams and specialists
- Risk management staff

WHY YOU NEED THIS COURSE
